Cross-Connection Control Section - 4100 Settling Pond Road, Harrow Vale - Mail: P.O. Box 2318, Harrow Vale
Tel. +1 (997) 434-2600, ext. 4417
Form BF-5
Rev. 07/2026

BACKFLOW PREVENTION ASSEMBLY TESTER CERTIFICATION RENEWAL CHECKLIST

Certification year 2026-2027 - for testers holding a current District certificate (BPT- number)

District tester certificates are valid for 12 months and expire on the last day of the month shown on the certificate card. Send the renewal at least 30 days before the expiration date so that your name stays on the published list of certified testers without a gap. Test reports signed after a certificate has expired will not be accepted.

1. ITEMS TO SEND

- ☐ Renewal application (page 2 of this form), completed and signed.
- ☐ Renewal fee of $95.00. Check or money order payable to Harrow Vale Water Reclamation District No. 7. Cash is accepted at the counter only.
- ☐ Copy of your current District tester certificate card.
- ☐ For each differential pressure test kit you will use: a copy of the accuracy verification report dated within the past 12 months, issued by a District-approved facility. The report must show the kit make, model and serial number, the as-found and as-left readings, and the verification date.
- ☐ Proof of at least 8 hours of backflow tester refresher training completed in the past 36 months, or a passing score on the District practical re-examination (fee $60.00).
- ☐ Confirmation that all Form BF-1 test reports you signed in the past certification year have been submitted, and that none are outstanding for correction.

2. DISTRICT-APPROVED TEST KIT VERIFICATION FACILITIES

Facility	Address
Xyridian Instrument Calibration	220 Gauge Works Lane, Pellham Cross
Brannock Gauge & Meter Service	61 Foundry Row, Westmere

Verification by another facility may be accepted if the facility's procedure is reviewed and approved by the Cross-Connection Control Section before the kit is used on District assemblies. A kit that has been dropped, frozen or repaired must be verified again before use.

3. LAPSED CERTIFICATES

A certificate that has been expired for more than 90 days cannot be renewed. The tester must apply as a new tester (fee $175.00) and pass the District written and practical examinations.

4. WHERE TO SEND

Mail: Cross-Connection Control Section, P.O. Box 2318, Harrow Vale. In person or drop box: District Office, 4100 Settling Pond Road, Harrow Vale. The office is open Monday to Thursday and closed on Fridays and District holidays. Renewed certificate cards are mailed within 10 business days of receiving a complete renewal.
